

BEKAMAX 120W CFL Version

This version utilises the advantages a 120W CFL lamp offers:

- Good colour rendering (Ra>80) and colour stability throughout the life of the lamp
- Dimmable ballast
- Instant hot restart after a power failure
- Lifetime rated at 20 000 hours

Application:

- Area & Security Lighting, where instant restrike and good colour rendering are required
- In large interior spaces
- Ideal as a luminaire operating on the emergency circuit of a building, therefore providing instant cold and hot restrike properties

For general technical data refer to the relevant BEKA Brochures: BEKAMAX-A, BEKAMAX-F and BEKAMAX-W.
